01. BRAND CORE

purekid! is the intersection of precision and creativity. We don't just follow the rules, we define them. Our practice is built on the belief that the most powerful designs are the ones that feel alive. We bridge the gap between rigid frameworks and expressive designs to construct visuals that don't just exist but evolve. From the smallest logomark to the most complex design systems, every pixel is a calculation and every detail is a deliberate choice.

02. LOGO SYSTEM

PRIMARY HALLMARK

This hallmark represents the fixed identity of the brand. Use of the full logotype is compulsory across all visual assets and professional identification.

ONLY PERMITTED VARIATION

This variation is exclusively reserved for application on dark environments.

The *purekid!* hallmark is the singular signature of our identity. It is a unified mark that requires no secondary variations or alternative symbols.

To maintain its integrity, the logo exists in a fixed state. It is never deconstructed, never re-spaced, and never altered. The only permitted deviation is a shift to White for dark environments. Beyond this, it is a constant, the one element that remains absolute.

03. TYPOGRAPHY

Our typographic system is a pairing of geometric form and functional clarity. We utilize two specific typefaces to maintain hierarchy across all platforms

1. MONTSERRAT BOLD

The only weight permitted for headlines and titles. Selected for its heavy, geometric presence, it commands visual authority and provides a necessary anchor for the brand hallmark.

2. INTER REGULAR

The exclusive standard for body text and supporting data. Utilized for its high legibility and neutral tone, it ensures communication is never compromised while providing a clean contrast to the bold titles.

MONTSERRAT BOLD

04. COLOUR PALETTE

Our color system is built on the principle of contrast, utilizing a monochromatic foundation to create an environment of depth. This rigid base, composed of Black, White, and Grey is punctuated by a singular, calculated linear gradient, representing the dynamic energy within the brand's system.

BLACK

#000000

WHITE

#FFFFFF

GREY

#999999

RED

#EA4335

YELLOW

#FDBC05

GREEN

#34A853

05. TONE OF VOICE

Our voice is the verbal extension of our monochromatic foundation, clean, purposeful, and free of noise. We don't over explain what the work already says. By keeping our words brief and letting the designs do the talking, we speak with a quiet confidence that provides the context while letting the visual experience take the lead

06. BRAND APPLICATION

This is the system in execution. This section applies the purekid! identity to real world environments, moving from theory to results and allowing the work to speak for itself.

Beyond the guidelines, the brand finds form in the balance between structure and creativity. Whether through Stationery, Digital Interface, or Featured Projects, these elements converge to create a functional, premium experience across every touchpoint.

I. STATIONERY

The brand's physical touchpoint. These assets demonstrate how purekid! translates to the real world, maintaining legibility, balance and clarity across physical materials.

II. DIGITAL INTERFACE

The brand's interactive home. Here, the aesthetics transition from static design to functional experience, prioritizing clean navigation and a responsive structure designed to guide the viewer through an organized exploration of creative designs.

III. COMMERCIAL WORK

The system in execution. This section showcases a collection of selected design projects, where precision meets bold storytelling, across diverse commercial and personal campaigns. These projects prove that *purekid!* can adapt to any scale without losing its identity. To explore the full range of work beyond these highlights, visit the portfolio.

07. CONTACT & CLOSING

The brand book ends here, but the work is just beginning. Whether you need a fresh identity, a clean digital home, or a bold new campaign, I'm ready to help you build it. If you're looking for designs that stand out, let's talk.
